

TECHNICAL SPECIFICATIONS	
Material	316 Grade Stainless Steel
Standard	UL Approved
Military	23190E
Working Temp	-80°C - +538°C
Self Extinguishing Class	UL94V2
ABS Complaint	✓
ROHS Compliant	✓
Zero Halogen	✓

Our cable ties are compliant to European directives:

- ROHS - 2002/95/EC
- ELV – 2000/53/EC
- WEEE – 2002/96/EC

Our cable ties are tested at random by an outside testing company and must always conform to the minimum tensile strengths below:

Width of Cable Tie	Tension Level
4.6mm Cable Ties	90kg
7.9mm Cable Ties	160kg

Our Stainless Steel Cable Ties are perfect for occasions that need higher strength or resistance for the task in hand, ideal for uses in harsh weather conditions. All Stainless Steel Cable Ties come in 316 grade stainless steel material.

As Stainless steel cable ties are also resistant to the following:

- Salt Spray
- Corrosion
- Weather
- Outstanding Chemical
- Antimagnetic
